

Community Meeting

PRESERVING (AREA) QUALITY OF LIFE FROM THE IMPACTS OF (PROJECT NAME)

Date-Time

Meeting Location

This project could harm your quality of life and ours by causing increased traffic congestion, school overcrowding and polluting local waters. We have a strategy to prevent these impacts. This same strategy has succeeded elsewhere and we can win too. But success will only come with your active support. So please join us at the community meeting to learn more about our strategy, why we're confident of success and why we can only win with your help. For further information contact (name) at (phone number), (email address) or visit (website-Facebook address).
