

*Community Meeting Announcement*

# MAKING MD99 SAFER

*& Ensuring Bethany Glen Does Not Harm  
Your Quality of Life*

**Saturday, August 13<sup>th</sup>, 2:00-3:00 pm**

Bethany United Methodist

2875 Bethany Lane, Ellicott City, MD 21042

MD99 is one of the most congested roads in Howard County. Since 2005 its been the scene of at least nine fatal crashes. And in just the last 18 months there have been 38 nonfatal accidents! While the Bethany Glen project would add to congestion, it also creates an extremely important opportunity to make MD99, Bethany Lane and our neighborhood streets safer.

With the assistance of a national consulting group (ceds.org) specializing in helping citizens win development battles, HARP has adopted a strategy to prevent Bethany Glen from being approved until all impacts to Valley Mede, Chamberlea and other area communities have been fully resolved. Even more importantly, our strategy will use Bethany Glen to prevent MD99 congestion from getting worse and make other area roads safer.

***But this can only happen with your support!***

We anticipate that implementing our strategy will cost \$10,000. We need the community to contribute and will be accepting donations at this meeting. If you can't join us at the August 13<sup>th</sup> informational meeting but would like to help then please mail a check payable to HARP to: P.O. Box 7061, Ellicott City, MD 21042 or email us at: [contact@harpmd.com](mailto:contact@harpmd.com)
